ZERO OXYGEN SOLUTIONS

## WINE PRESERVER

SAVES OPEN BOTTLES  
OF WINE BY ELIMINATING  
100% OF THE OXYGEN

**OPEN A BOTTLE  
WHEN YOU  
JUST WANT  
A GLASS.**

## QUICK FACTS

**>93%**

Wine drinkers report they have had to waste open bottles of wine.

**>73%**

Consumers often/always have wine left in the bottle.

**>53%**

ZOS users keep more than one bottle open.

**>40%**

ZOS consumers are more likely to open more expensive bottles, with less concerned about waste.

## EXPERT OPINIONS

“ZOS does the job of preserving wine, so that when I come back to it, it’s just how I left it. With full confidence, you can open a bottle on Tuesday, finish it on the weekend, and the wine is still perfect.”

**Jonah Beer**  
General Manager  
Frog’s Leap Winery

“I put ZOS through two separate preservation tests with our La Crema Pinot Noir. Even after 18 days, the wine was fresh, almost as if it had not been opened.”

**Rick Tiger**  
President & CEO  
Jackson Family Wines

## JUST INSERT ZOS INTO BOTTLE

ZOS is the most effective and easiest to use wine preservation system available. Simply insert the stopper into an open bottle of wine and it absorbs 100% of the oxygen that can spoil the taste of wine. When you return for your next glass, it will taste the same as your last. Keeps opened wine fresh for up to two months.
